Education

PhD. (ABD) in Computational Sciences, University of Guelph 2016-Present
Co-Advisors: Dr. Daniel Gillis and Dr. Robert Hanner

- Expected defense date: May 2022

Master of Bioinformatics (MBinf.), University of Guelph 2013-2014
Co-Advisors: Dr. Robert Hanner and Dr. Daniel Ashlock

BSc. (Hons.) in Biological Science, University of Guelph 2009-2013

Relevant Coursework

An Introduction to Interactive Programming in Python 2014
Rice University

- Online course through Coursera on the development of interactive applications in Python

Introduction to DNA Barcoding 2013
University of Guelph

- Online course through Open Learning and Education Support (OpenEd)

Research Experience

Summer Research Assistant 2016
Algoma University
Antunes Plant and Soil Ecology Lab, Department of Biology
Invasive Species Research Institute (ISRI)

- Offered bioinformatics and statistical analysis support in R
- Assisted Principal Investigator and undergraduate thesis student with initial drafting of a manuscript on invasive plant root lesion quantification

Lab Assistant Volunteer

2014-2016

Algoma University

Antunes Plant and Soil Ecology Lab, Department of Biology

Invasive Species Research Institute (ISRI)

- Offered bioinformatics and statistical analysis support in R
- Assisted with collaborative and outreach initiatives for the Terrestrial Invasive Plant Species (TIPS) Network Project through drafting communication letters to public and private conservation agencies across Canada and the USA seeking volunteers to collect invasive plant species for root lesion quantification

Undergraduate Research Assistant

2013

University of Guelph

Monteiro Vaccine Discovery Research Group

- Performed various experimental techniques (gas chromatography-mass spectrometry (GC-MS) and Nuclear Magnetic Resonance (NMR)) on bacterial polysaccharide samples for vaccine synthesis and development under the supervision of qualified graduate students

Teaching Experience**Graduate Teaching Assistant (GTA)**

2016-2020

University of Guelph

CIS*3130 – System Modelling and Simulation

2020

~ 30 students · Python

CIS*1910 – Discrete Structures in Computing I

2017

~ 300 students (~ 40 students per section)

CIS*2460 – Modelling of Computer Systems

2016-2019

~ 60 students · R, Excel, Java

Student Supervision and Mentorship

I have directly supervised and mentored several undergraduate students in computer science and integrative biology, all of whom are or will be coauthors on my publications. My primary role has been to guide students through the entire scientific process (*i.e.*, formulating research questions, designing and setting up experiments to test hypotheses, collecting data and analyzing results and writing the manuscript drafts). Students completed research both as part of a course and as lab volunteers.

Navdeep Singh (with Dan Gillis)

Assistantships, Awards, Scholarships and Travel Grants

Graduate Teaching Assistantships University of Guelph	2017-2020 \$34,506.00-35,148.00
Graduate Research Assistantships University of Guelph	2017-2019 \$11,000.00
CPES Graduate Dean's Scholarship University of Guelph	2017 \$3500.00
<ul style="list-style-type: none"> Awarded in recognition of achieving over 85% in Master's coursework 	
CPES Graduate Excellence Entrance (GEE) Scholarship University of Guelph	2016 \$30000.00
<ul style="list-style-type: none"> Awarded in recognition of achieving over 85% in Master's coursework 	
Arthur D. Latornell Graduate Travel Grant University of Guelph	2019 \$500.00
<ul style="list-style-type: none"> Awarded for first-class academic standing in PhD. coursework Supported travel to the 8th International Barcode of Life Conference in Trondheim, Norway to present work related to resource management and conservation 	

SoCS Travel Grant 2019
 University of Guelph \$1000.00

- Supported travel to the 8th International Barcode of Life Conference in Trondheim, Norway

Academic Service

School of Computer Science (SoCS) Search Committee 2018
 University of Guelph

- Associate Professor position in cybersecurity

School of Computer Science (SoCS) Search Committee 2017-2018
 University of Guelph

- Two-year contractually-limited Assistant Professor position in cybersecurity

Academic Peer Review Service

I have served as a reviewer for 9 manuscripts in 4 different journals, both alone or under the guidance of my PhD. supervisors.

Ecology and Evolution (x2) 2021-2022
Molecular Ecology Resources (x5) 2019-2022
Molecular Biology Reports (x1) 2020
Methods in Ecology and Evolution (x1) 2020

Proceedings

I have presented graduate research at 3 international conferences, including both oral presentations and posters.

8th International Barcode of Life Conference 2019
 NTNU University Museum and Norwegian Biodiversity Information Centre

7th International Barcode of Life Conference 2017
 University of Johannesburg

6th International Barcode of Life Conference 2015
 University of Guelph
